

XENIAL MOBILE MANAGER

Finally! There's time to play the back nine.

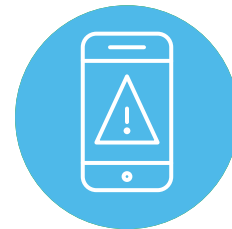

Xenial Mobile Manager puts all the store metrics, permission requests and operational alerts right into your smartphone, or any other connected device, so you can enjoy life and still mind the store.

Monitor and manage your business at any time, from anywhere. Xenial Mobile Manager puts the power of 24/7 on-site store management in the palm of your hand. Send real-time push notifications about every aspect of store operations and performance to any tablet or mobile device – even your Apple or Android watch.

Wonder who just voided a transaction at 10 pm on Thursday night? Is business light enough that you should call off some staff or bring more in? Know instantly with Xenial Mobile Manager.

Work Life Balance Isn't a Myth

Have a personal life but still mind the store

Xenial Mobile Manager Gives You The Power To:

- Maintain control over operations at all times
- Protect against loss due to theft or improper discounting
- Keep business running smoothly even when you're away
- Immediately respond to requests and deal with problems at any location
- Keep your finger on the pulse of store performance from anywhere
- Be immediately alerted to undesirable trends and fraudulent activities

Compatibility:

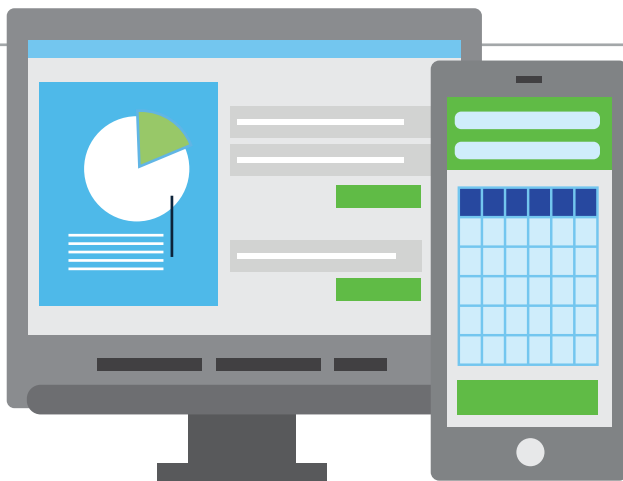

Works on any device running iOS v10 or higher, Android 6 or higher.

- XPIENT IRIS
- XENIAL ORDERING

Key Features:

Gain the freedom to manage your business remotely. Receive real-time, actionable alerts about sales, payments discounts, labor, guest checks and more, on any device.

- Monitor and manage multiple locations from the same app
- Receive alerts for unusual events such as voids or refunds
- Keep a close eye on key metrics such as sales and labor
- Get important insights at a glance such as today's sales vs. same day last week
- View individual or aggregated results across multiple stores
- Select the reports you want to see, drill down into details
- View and share any detail of live and archived guest checks
